today s educational landscape requires practitioners to move from a teacher centric to a more inclusive and student centric approach to address the diverse needs of students educators must understand the challenges they face and learn how to address them this volume highlights the significance of diversity and inclusion practices in educational institutions

in recent years there have been increasing calls for a revision of the economics curriculum to address the most pressing and challenging issues facing society this erudite handbook bridges the gap between a flourishing body of scholarship in the philosophy of economics literature and an economics education in need of a deeper rethinking as felt by both students and educators it provides practical pedagogical insights on how to structure courses in the philosophy of economics and how to link them to students' economics backgrounds
